DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of the Group I invention in the reply filed on 19 October 2004 is acknowledged. The traversal is on the ground(s) that the search would not be difficult. This is not found persuasive because the search is not the same, i.e. totally divergent art areas, and the inventions are not the same as a method of manufacture is not the same as a tool.

The requirement is still deemed proper and is therefore made FINAL.

2. This application is in condition for allowance except for the presence of claims 8-10 to an invention non-elected with traverse in the reply filed on 19 October 2004. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

3. The following is an examiner's statement of reasons for allowance: none of the prior art shows the manner of attaching the handle to the striking head by means of a cam member to operate the split end of the handle.

Art Unit: 3723

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James G. Smith whose telephone number is 703-308-1746. The examiner can normally be reached on M-Th (7:05- 4:35) Fri. off.
